S30054-H6538-B102 - Gigaset DESK 400 white

from **31,36 EUR**

Item no.: 401292

shipping weight: 0.70 kg

Manufacturer: Gigaset Communications

Product Description

The Gigaset DESK 400 corded desk and wall phone with four direct dialling keys and power supply via the telephone line is ideal for use at home or in the office. Flexible application options. The Gigaset DESK 400 can be used both as a desk phone and as a wall phone and always guarantees optimum usability. For wall-mounted operation, the DESK 400 is simply attached using two screws. Power supply via the telephone line. The Gigaset DESK 400 does not require a separate power supply unit, as it is powered directly via the telephone line. This makes commissioning particularly easy: simply connect the Gigaset DESK 400 to the telephone socket (public network, private branch exchange or gateway) and the phone is ready for use. Quickly connected. With the four direct dialling keys, important contacts are just a keystroke away. In addition, up to ten numbers can be saved as speed dialling numbers, allowing you to quickly connect to the people you speak to frequently. The speed dialling numbers are noted on the enclosed paper insert so you can always keep an eye on them. Hearing aid compatible. The Gigaset DESK 400 is hearing aid compatible especially for people with impaired hearing. Thanks to certification in accordance with the European standard ITU-T P.370 it enables users of hearing aids with inductive transmission to make phone calls without disturbing noises. Highlights- Easy wall mounting possible- Four direct dialling keys- Power supply via the telephone line, no separate mains adapter required- Ten speed dialling keys- Hearing aid compatible- Redialling- Suitable for operation on telephone systems- DTMF / pulse dialling adjustable- Enquiry key.
