Product Description

UH35 DUAL/MONO PROFESSIONAL USB HEADSET Work with ease LIGHTWEIGHT CONSTRUCTION FOR COMFORTABLE WEARING Introducing the UH35, our latest innovation in professional headsets. The UH35 features an ultra-lightweight housing designed for extended wear without fatigue. This headset with leather headband and cushion not only provides more comfort, but also improves heat dissipation during extended wear. At Yealink, we prioritise ergonomic design and the UH35 is no exception. Its well thought-out design ensures that your ears are not strained, so you can concentrate on your work without distraction. Experience unrivalled comfort and performance for all your business needs with the UH35. DOUBLE MICROPHONE NOISE REDUCTION UH35 features professional 35 mm speakers, excellent stereo sound and dynamic EQ (automatic switching between call mode and music mode) for clear sound in call mode and high fidelity in music mode. UH35 can significantly reduce interference so that both sides of the call can enjoy pleasant communication. The UH35 professional headset is equipped with 35 mm speakers and offers excellent stereo sound and a dynamic EQ that automatically switches between call and music mode. Whether you are in a meeting or listening to music while working, you will experience clear sound in call mode and high fidelity in music mode. Concentrate on your tasks and let your creativity run free as you capture every detail. BUSYLIGHT FOR LESS INTERRUPTION, NO INTERFERENCE WHEREVER YOU WORK When you're on a call, the UH35's BusyLight switches on automatically. However, you can also switch it on manually. Block out external distractions and start concentrating on your work when and where you want. USER-FRIENDLY FUNCTIONS, EASY TO USE AND WORK UH35 allows you to mute in two ways: by lifting the microphone boom or by pressing the mute button. The 300-degree rotation of the boom allows it to be worn on the left or right ear. This practical and flexible design makes you feel more comfortable when communicating. CONNECTIVE AND VERSATILE CONNECTION, UNIVERSALLY COMPATIBLE, READY FOR YOUR BUSINESS Thanks to the USB-A connection ports, UH35 can be easily connected to PCs. Compatible with the industry-leading UC platform for truly seamless collaboration; fully compatible with Yealink IP phones for advanced all control features and functional headset management control configuration on the phone.
