Product Description

This high-quality charging cable by Delock enables the simultaneous charging of two devices with USB Type-C™ connection, such as smartphones and notebooks. This makes it ideal for users who value efficiency and flexibility. Intelligent power distribution Thanks to the intelligent power distribution, the charging cable automatically recognises the requirements of the connected devices and distributes the charging current optimally. This means you benefit from fast and safe charging, regardless of whether you connect your smartphone, notebook or both at the same time. Practical companion This USB charging cable is the perfect travel companion, whether on business trips or on holiday. It enables notebooks to be charged via standard USB Type-C™ charging adapters or power banks - for maximum flexibility and convenience.
