Product Description

Yealink CP935W is a wireless touch HD conference phone for small to medium conference rooms. CP935W has an elegant and simple design that perfectly matches the style of the conference room and offers an acoustic cover that is resistant to liquids. Its fingerprint-proof LCD screen with a clear UI interaction page makes it easy for anyone to control the meeting. CP935W has a built-in battery and Wi-Fi, you can register a SIP account directly via Wi-Fi. CP935W allows you to deploy without power and network cables to give you a wireless and clean conference room. CP935W has 6 built-in microphones and provides you with a clear and natural conference call experience. In addition, you can also connect the CP935W to your mobile devices (such as smartphone, PC, etc.) via Bluetooth or USB port to realise hybrid UC meetings. Connect the CP935W with a CPW25 Bluetooth microphone to extend the range of audio recording while keeping the conference room desk tidy.
