

Item no.: 375389

WD5000LPSX - 500GB HDD, 3.5 Zoll, SATA 6 Gbps

from **94,97 EUR**

Item no.: 375389
 shipping weight: 0.10 kg
 Manufacturer: Western Digital

Product Description

Performance For your notebook Sophisticated performance enhancement features deliver the speed you need for performance-hungry applications such as image and video editing or internet gaming. No compromises With high performance, high capacity, high reliability and cutting-edge technology - the ideal drive for those who demand only the best. Numerous features High-performance class with 7,200 rpm, 64MB cache and 6Gb/s SATA interface as the ultimate solution for notebooks. High performance The dual-core processor and a huge dynamic cache ensure high read and write speeds. Dynamic cache WD's Dynamic Cache algorithm improves cache allocation and optimisation between read and write operations, reduces data bottlenecks and increases overall performance. Dual Processor Twice the processing power of a single-core processor for maximum performance. Proven Mechanics Advanced reliability features protect the drive and the data stored on it. NoTouch Ramp Load Technology Prevents the read/write head from touching the platter surface, minimising wear and tear on the read/write head and platter and protecting the drive during transport. Recommended use WD_BLACK mobile hard drives are tested and recommended for use in notebook computers. The WD Advantage At WD, all products undergo intensive Functional Integrity Testing (F.I.T.) prior to launch. These functional tests ensure that our products always fulfil the high WD quality and reliability standards. WD also has an extensive information pool with over 1,000 helpful articles and useful utilities. Our telephone customer support has long service hours to ensure you get help when you need it. Our free customer support will be happy to help you. For more information, you can also visit our WD support website. Recording Technology CMR: WD2500LPLX, WD3200LPLX, WD5000LPLX SMR: WD5000LPSX, WD10SPSX Technical data Capacity 500 GB - Form factor 2.5 inch - Connector SATA - Interface SATA III - Transfer speed up to 6Gb/s - Disk Speed (RPM) 7200 RPM - Recording Technology SMR - Cache Size 64MB - Dimensions (L x W x H) 100.2mm x 69.85mm x 7mm - Weight 92gms - Model Number WD5000LPSX - Operating Temperature 0°C to 60°C - Non-Operating Temperature -40°C to 65°C - Hard Drive 2.5" - Certifications BSMI, ICES-003/NMB-003, CE, FCC, KC, Maghreb, RCM, UKCA, VCCI, CB-Scheme, TUV, UL Product features - No compromises - Numerous functions - High performance - Dynamic cache - Dual processor - Proven mechanics - NoTouch Ramp Load technology - Recommended use - The advantage of WD Compatibility - Desktop PCs, PC laptops, Mac laptops
