

Item no.: 375518

WD202KRYZ - WD Gold 20 TB HDD, 3.5 Zoll, SATA

from **620,38 EUR**

Item no.: 375518
 shipping weight: 0.10 kg
 Manufacturer: Western Digital

Product Description

Your data is worth its weight in gold. With the complete portfolio of WD Gold™ HDDs in capacities from 1 TB to 26 TB1 (OptiNAND™ technology with 20 TB, 22 TB, 24 TB and 26 TB), you can put together the perfect storage mix for your company. The extremely reliable solutions for demanding storage environments offer up to 2.5 million hours MTBF3, vibration protection and low energy consumption thanks to HelioSeal technology (models from 12 TB). WD Gold SATA enterprise-class HDDs are designed specifically for enterprise storage systems and data centres and deliver the outstanding performance you've come to expect from Western Digital hard drives. More flexibility, more freedom. WD Gold™ lets you configure your storage environment any way you want with a complete portfolio of 1TB to 26TB1 SATA HDDs designed for demanding application workloads of up to 550TB2 per year. Reliability without compromise. With up to 2.5 million hours MTBF3, WD Gold SATA HDDs offer the highest level of performance and reliability. hours MTBF3, WD Gold™ hard drives offer the highest reliability and longevity. Vibration protection. WD Gold™ hard drives offer state-of-the-art technologies for hard drive monitoring and real-time correction of linear and rotational vibrations to ensure optimal performance even in environments with strong vibrations. Smooth interaction. WD Gold™ HDDs are designed for use in enterprise storage systems and data centres and are compatible with common enterprise operating systems. Scalability for your business. OptiNAND™ technology enables WD Gold™ hard drives with capacities of up to 26 TB. Protect your data. The innovative ArmorCache™ function (only 22 TB - 26 TB) enables companies to back up data in the event of power failures in WCE (Write-Cache Enabled) mode, while optimum performance is achieved in WCD (Write-Cache Disabled) mode. Technical data- Capacity 1 TB - Form factor 3.5-Inch - Connector SATA - Interface SATA - Transfer Speed up to 184MB/s - Disk Speed (RPM) 7200 RPM - Recording Technology CMR - Cache Size 128MB - Durability (TBW) - Dimensions (L x W x H) 147mm x 101.6mm x 26.1mm - Weight 640gms - Model Number WD1005FBYZ - Operating Temperature 5°C to 60°C - Non-Operating Temperature -40°C to 70°C - Certifications BSMI, ICES-003/NMB-003, CE, FCC, KC, Maghreb, RCM, UKCA, VCCI, CB-Scheme, TUV, UL. Product features- Optimise your company's storage with the complete portfolio of enterprise-class WD Gold™ HDDs in capacities of up to 22TB.- Quality and reliability with up to 2.5 million hours MTBF for secure data storage. - Designed for enterprise storage systems and data centres - Improved performance through vibration protection - HelioSeal technology ensures high storage capacity with low power consumption (models from 12 TB). Compatibility- Compatible with Windows, Windows Server and Linux. Scope of delivery- WD Gold Enterprise Class SATA HDD
