from **1.767,35 EUR**

Item no.: 375512
 shipping weight: 3.30 kg
 Manufacturer: Western Digital

Product Description

A desktop RAID powerhouse that offers maximum storage capacity and performance. The My Book Duo is your reliable partner for storing and protecting your entire digital world on the desktop. With enormous storage capacity and the added performance of RAID 0, it archives photos, videos, music, documents and the computer system, protecting your precious memories and important projects. Use the included Acronis® True Image™ for Western Digital® software for regular backups of this data, including ransomware protection. Password protection provides additional security when travelling. Enormous capacity. With a storage capacity of up to 44 TB, you have enough space to back up all the data on your other devices. Archive your photo, video and music collections as well as important and historical documents securely in one reliable place. More performance with RAID 0. Ready for use at maximum speed and capacity as standard thanks to RAID 0. With RAID 1 (redundant data mirroring) and JBOD (two independent drives), two further options are available to increase data security or utilise the available storage capacity. You can easily switch between modes using the software supplied. Simple archiving. Ransomware protection. The included Acronis® True Image™ for Western Digital® software makes it easy to schedule backups of your valuable files. Also back up your important applications and protect your entire computer system from data loss due to ransomware attacks. Protection for important data. Keep your data private at home or at work. Use the included software for additional security thanks to password protection with integrated 256-bit AES encryption. Hub ports for USB-C™ and USB 3.2 Gen 1. Compatible with USB 3.2 Gen 1/USB 3.0 for high-speed connections. 2 x USB 3.2 Gen 1/USB 3.0 hub ports for computer accessories or for charging your mobile devices.
