Product Description

Survives every adventure The metal housing of the My Passport Ultra mobile hard drive not only looks good, but is also particularly robust. This makes this hard drive the ideal companion for travelling. This high capacity USB-C™ enabled storage device provides easy access to your important files wherever you are. Use the included Acronis® True Image™ for Western Digital® software to securely back up your data, including ransomware protection. Password protection provides additional security when travelling. Slim metal design Thanks to USB-C™ technology, the My Passport Ultra is a fast mobile storage for your PC. The included USB 3.2 Gen1/USB 3.0 adapter ensures compatibility with older devices. Compatible with USB-C™ The My Passport Ultra mobile hard drive connects easily to USB-C™ enabled devices. The included USB-C™ to USB-A adapter provides additional compatibility with older devices and offers versatility and convenience in a compact format. Large capacity With up to 6 TB of storage capacity, you can take your photos, videos, music and important documents with you wherever you go, keeping everything safe and secure. Easy backups. Ransomware protection included. The included Acronis® True Image™ for Western Digital software makes it easy to schedule backups of your valuable files. Also back up your important applications and protect your computer system from data loss due to ransomware attacks. Protection for important data Protect your files from unauthorised access at home or on the go. Use the included software for additional security thanks to password protection with integrated 256-bit AES encryption. Designed with the environment in mind The casing of this hard drive is made from more than 50% recycled plastic. The packaging is made from over 50% recycled cellulose and is fully recyclable.
