WD62PURZ - WD Purple 6 TB HDD, 3.5 Zoll, SATA

from **212,55 EUR**

Item no.: 375603
shipping weight: 0.10 kg
Manufacturer: Western Digital

Product Description

Uncompromising video surveillance storage WD Purple hard drives are designed to meet the challenges of continuous video surveillance. They are specifically designed for surveillance systems to withstand the increased heat and vibration that can occur in NVR equipment. Common desktop hard drives are designed for short-term operation, but not for the harsh conditions of a 24/7 HD surveillance system. With WD Purple hard drives, you get reliable video surveillance storage that has been tested for compatibility with a wide range of video surveillance systems. Exclusive AllFrame™ technology reduces frame loss and improves video playback. Industry-leading storage. Surveillance solutions you can trust Western Digital has been providing storage solutions for video surveillance for more than a decade. With WD Purple hard drives, you get video surveillance storage designed for continuous operation in surveillance systems and high temperatures to ensure high-quality video playback every time. Western Digital's exclusive AllFrame™ technology All WD Purple hard drives feature AllFrame™ technology, which reduces image loss and improves video recording and playback. Higher workload rate WD Purple hard drives offer a workload rate of up to 180 TB/year². That's three times as much as our desktop hard drives. This makes them ideal for the high demands of modern DVR and NVR video surveillance systems. Multiple cameras, multiple streams Modern recorders now support multiple video streams per camera. WD Purple hard drives support up to 64 single-stream HD cameras⁵. With this diversity, you can flexibly expand your security system at any time. Designed for video surveillance solutions With an MTBF of more than 1 million hours³, WD Purple is designed for continuous operation in standard DVR and NVR surveillance systems. WD Purple hard drives are made from tarnish-resistant components⁷ and are therefore also suitable for harsh environmental conditions. They enable reliable operation in surveillance environments with more than eight drive bays⁴. Comprehensive compatibility. Seamless integration WD Purple hard drives are designed with compatibility in mind so that you can expand your surveillance system quickly and seamlessly. The drives support a wide range of industry-leading enclosures and chipsets, so you're sure to find the DVR or NVR configuration that fits your needs. Specifications- Capacity 6 TB- Form factor 3.5-Inch- Connector SATA- Interface SATA- Transfer Speed up to 175MB/s- Disk Speed (RPM) 5700 RPM- Recording Technology CMR- Cache Size 64MB- Dimensions (L x W x H) 147mm x 101.6mm x 26.1mm- Weight 0.75kgs- Model Number WD60PURZ- Operating Temperature 0°C to 65°C- Non-Operating Temperature -40°C to 70°C- Certifications BSMI, ICES-003/NMB-003, CE, FCC, KC, Maghreb, RCM, UKCA, VCCI, CB Scheme, TUV, UL Product features- Expand your overview with up to 64 single-stream HD cameras- Proactive storage management with WDDA- Increased workload rate of up to 180TB/year- Compatibility- Up to 64 cameras per hard drive for video surveillance systems with more than eight drive bays.
